SIS.GEETHA JOHNSON	<p>(W/o Br. Johnson, Muscat – Sultanate of Oman) (Ex-Bahrain : Manama Brethren Assembly) Sister Geetha Johnson is diagnosed with blood cancer (Type 2 Acute Myeloid Leukemia). She underwent Chemotherapy Treatment at CMC Vellore.</p> <p>Update (18 JUL 2019) : Sister Geetha is admitted for Bone Marrow Transplant. One of her Siblings Br. Sunil is the Donor. Update (29 JUL 2019 - Night) By the Grace of God, Sister Geetha successfully underwent the Bone Marrow Transplant. She will be in total isolation arrangements at CMC Vellore to avoid any infection. Update (10 AUG 2019) By the Grace of God, her counts have improved very well. If it continues to increase through the week, doctors say she can be discharged within a week. Update (12 AUG 2019) By the Grace of God, there is drastic improvement in the condition of Sister Geetha and she is discharged from the Hospital this evening. They have rented a house nearby CMC and will be staying there. She will have periodic (weekly and monthly) check up, follow up and consultation for the next 3 months. Praising God for the heavenly intervention and improvement in her condition. Let us continue to uphold Sister Geetha to the Throne of Grace for heavenly intervention grace and complete recovery.</p>
L.MATHAI	<p>Br. L. Mathai developed severe leg pain and back pain and successfully underwent a surgery (Prostrate Gland Surgery) on 20 JUN 2019 at Travancore Medical College Hospital (Medicity) in Kollam. He was referred to RCC for further investigations. As per the advice of Doctors from RCC, Br. L.Mathai successfully underwent a major on 20 JUL 2019. He had a follow up consultation at RCC Trivandrum on 14 AUG 2019. Doctor did not prescribe anything as his body is not stable for treatment. Update (16 SEP 2019)</p> <p>Br. Mathai had a consultation at RCC Trivandrum and underwent various tests. The Doctor prescribed 6 Sessions of Chemotherapy . By the Grace of God, he underwent his first Chemo session. His next Chemo will be after 21 days - 07 OCT 2019. Let us continue to uphold this dear brother to the Throne of Grace for heavenly intervention, Grace and complete recovery</p>
RUTHIE BENSON	<p>Baby Ruth Benson (6 Years) developed a Growth in Liver. She is currently under investigations and Chemotherapy treatment at CMC Vellore. Update : 29 SEP 2019 By the Grace of God, she successfully underwent 6 Chemotherapy Sessions. It was only by the power of many prayers that our Almighty God has graciously helped dear Ruth to go through her treatment thus far. Thank you for all your prayers, concerns and thoughts. Update (30 SEP 2019): There was a review of Ruth's case earlier today at CMC Vellore. Doctors have given a date for surgery on 15 OCT 2019. Let us continue to uphold little Ruthy to the Throne of Grace for heavenly intervention for a successful surgery. Please pray that Ruth will keep good health and free from any infections these days. Please pray for the parents as well.</p>
BRO. SIBIN MOTHER	<p>Sis.Mercy Biju is undergoing to Biopsy test. Please pray for favourable result</p>
